

## Joseph Russo, PE, LEED AP BD+C

### Senior Associate, Senior Mechanical Engineer

---

#### About

Joe joined the firm in 2012. His meticulous approach and ability to create innovative engineering design solutions make him a great addition to the firm's mechanical engineering department. During his tenure, Joe has increasingly assumed additional responsibility which resulted in his promotion to Associate in 2019.

As Senior Mechanical Engineer, Joe designs and oversees the design of mechanical systems in support of many important firm projects across a variety of building types. Additionally, he is involved in equipment selection and multi-discipline coordination.

---

#### Education

Bachelor of Engineering in
