

## Now Hiring: BIM Coordinator

---

Join a high-energy office with a young professional environment. Work side-by-side with industry experts on projects ranging from nationally recognized museums, universities, performance centers. Be rewarded for independent thought and creative solutions. And most importantly, enjoy the work you do.

Kohler Ronan, LLC is a leading Consulting Engineering Firm with offices in New York, NY and Danbury, CT specializing in the design of commercial and institutional projects. The Firm is currently in search of BIM Designer for our Connecticut office. The position will require maintaining one or more project BIM models, satisfying specific project BIM requirements and BIM Standards, and initial project set-up. Candidates should also have the ability to interpret prints created in an engineering environment. Additionally, the Designer must ensure BIM models remain free from errors, manage outputs, and perform BIM coordination exercises. Designer will also be responsible for creating drawings for the following disciplines: Mechanical, Electrical, Plumbing, and Fire Protection. To ensure the prescribed performance and quality levels, the BIM Designer is responsible for associated project BIM support documents.
