

Now Hiring: Energy Analyst

Join a high-energy office with a young professional environment. Work side-by-side with industry experts on projects ranging from nationally recognized museums, universities, performance centers. Be rewarded for independent thought and creative solutions. And most importantly, enjoy the work you do.

Kohler Ronan, LLC is a leading Consulting MEP Engineering Firm with offices in New York, NY and Danbury, CT specializing in the design of commercial & institutional projects. The Firm is currently in search of an Energy Analyst for our New York office.

Experience: minimum 2 years

Position Type:

- Full-time

Roles and Responsibilities:

- Participate in energy and carbon reduction studies for a wide range of projects including museums, performing arts centers, institutional projects, and masterplans
- Perform energy analysis to meet energy codes, green building rating systems, and state and federal requirements
- Participate in energy audits and provide commissioning assistance
- Prepare technical reports for submission to client, code officials, and local authorities
- Provide in-house technical assistance for energy conservation and best practices for energy
- Develop presentations for marketing and client education

Qualified candidates ideally possess:

- Bachelor's or higher degree in a field related to environmental building design, architectural engineering, and/or building science
- Knowledge of active and passive HVAC systems
- 2+ years' professional experience in energy modeling
- Proficiency in energy simulation software such as eQuest, Energy plus, IES, Trace, and Open Studio
- Proficiency in Microsoft Excel and AutoCAD
- Operational knowledge of the following software: Energy Plus, Grasshopper, Revit, D3; or data visualization
- Proficiency in written and spoken English, as well as good inter-personal skills
- Experience with LEED, Passive House, and incentive & rebate programs in NYC and CT
