

## Henry Baker, PE

### Associate, Senior Electrical Engineer

---

#### About

Since joining Kohler Ronan's electrical department, Henry has built a portfolio consisting of many diverse projects. He eagerly approaches each project and seeks to provide creative solutions to every design challenge. Henry focuses on communication, coordination, and collaboration to ensure the needs of clients are met and understood by all parties. While very detail-oriented, Henry remains cognizant of larger project goals including budget, schedule, and facility operations.

As Senior Electrical Engineer, Henry is responsible for electrical systems design, equipment selection, and coordination with the other engineering disciplines.
