

Rory S. Ronan, PE, LEED AP BD+C

Partner

About

Mr. Ronan is a founding member of the firm and brings over 25 years of electrical engineering experience and industry expertise to each and every project. His working knowledge of all disciplines allows him to successfully lead his design team from the schematic phase of a project through design and, finally, to construction.

Mr. Ronan's responsibilities at the firm consist of electrical engineering, team leadership, client interface, business development, and strategic planning. As partner, Mr. Ronan remains actively involved in all phases of the project and oversees the achievement of sustainability goals.
